You can agree, disagree or skip the eConsent agreement below.

Your Consent To Do Business Electronically (the eDisclosure Agreement)

The loan for which you are applying involves various disclosures, records, and documents ("Loan Documents"), including this eDisclosure Agreement. The purpose of this eDisclosure Agreement is to obtain Your consent to receive certain Loan Documents from Us in electronic form rather than in paper form. With Your consent, You will also be able to sign and authorize these Loan Documents electronically, rather than on paper.

Before We can engage in this transaction electronically, it is important that You understand Your rights and responsibilities. Please read the following and affirm Your consent to conduct business with Us electronically. For purposes of this eDisclosure Agreement, "eDisclosures" means the Loan Documents related to this transaction that are provided electronically, "You" and "Your" mean the borrower(s) under the applicable loan to which such Loan Documents apply, and "We", "Our" and "Us" mean the applicable mortgage broker(s), loan processor(s) or mortgage banker(s) with whom You are transacting business for such loan(s).

YOUR CONSENT

- Your consent to participate in this transaction electronically will apply to all Loan Documents for the applicable loans for which You are applying. If You provide Your consent by clicking the "I agree" button at the bottom of the page, We will conduct this transaction electronically, instead of providing You with the Loan Documents in paper form.
- If a document related to Your loan is not available in electronic form, a paper copy will be provided to You free of charge.
- Conducting this transaction electronically is an option. If You choose not to accept receipt of eDisclosures, paper Loan Documents will be mailed to You.
- If You do not consent to receive these Loan Documents electronically, or if You subsequently withdraw consent, You will be provided with paper copies of the Loan Documents for which You did not consent to receive electronically. Additionally:
